

England. March 4

Dear Grace

Micky MacCallum is starting for Canada tomorrow morning and has offered to take a note along and mail it. I had five letters from you tonight also one from Mame Annie and Katie. Your latest was dated Jan 28th. It is certainly nice to get the letters. Things are rather upset here tonight as we are going on a scheme tomorrow. Earnest and I were down to Kitterworth today that is supposed to be our next move. Micky and 17 NCO's are leaving tomorrow, including the R.S.M. Cpl Savoy, There is only two going from A Coy Savoy and Daigh. My son Savoy pleased, He says he is going to see you. It would be nice to be going back but it would be awful hard leaving again. Micky said he would mail this but I don't know when you will get it. Things are going fairly good we hear all kinds of rumours about sending

as home or to the holding unit but there is nothing definite. They say there is no promotions for any one over 45. Walter will be 46 in June. The boys are all looking well, I don't think I was ever so heavy as I am now. Sometimes I get pretty well fed up and discouraged but we will just have to do our best. They are not sending any lance corporals so Edward is out. Sorey has been 3 parade anyway these last three months claims he can't stand it. Sorey won't be back.

Ernest is busy writing up his diary. I wish now I had started one. must get one yet and fill it in. Annie sent along my Morrison letter which was very interesting. I am so glad Charlie is improving, hope he continues. Mame said Papa was feeling better, it must be great that he is able to get a few nights rest.

I don't hardly know what to put in this Grace. I know I get awful lonesome some times, especially in the evenings. I can just picture you in the kitchen, Francis and Margie at their lessons. I can see the light shining in the east kitchen window, so often I see it yet as when I would be working around the barn. Remember Francis the first time I took you and Helen to the woods on the bobsleds? You were pretty small there was good crust that day, you came travel around on it. Love with a good letter Margie, do it again.

We have to go to an order conference now for tomorrow's scheme. God bless you all and keep you safe. We can just look forward to the day we ~~it~~ will be reunited. Lots and lots of love to you all. Your letter do an awful lot to help Grace. Ernest didn't get any from home this week. Good night to my dearest
Loves as ever Archie
